VERSATILE PRESENTATION PANELS WITHOUT HASSLE

ABC Display's poster boards and exhibition panels provide a flexible and professional solution for trade shows, conferences, exhibitions, and presentations. Thanks to the modular design, the panels are easy to assemble and can be adapted to any desired setup. They are lightweight, durable, and designed for intensive use without compromising stability and appearance.

Buy or Rent?

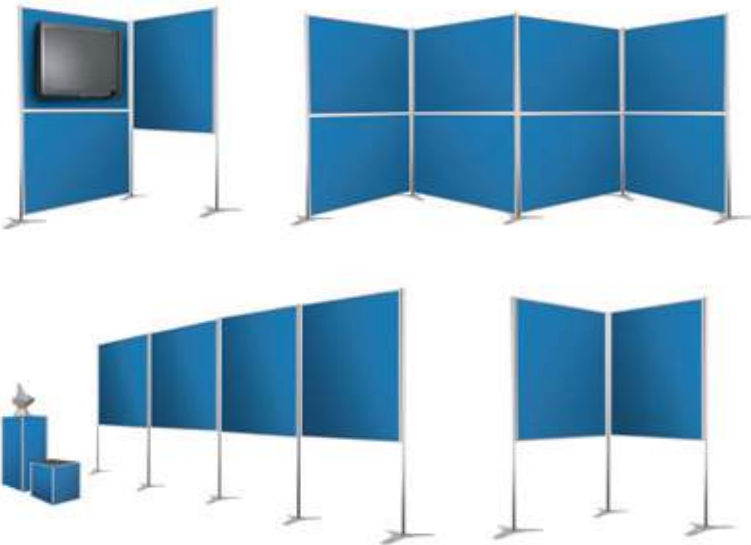

At ABC Display, we offer both purchase and rental options, giving you the choice that best suits your needs.

Purchase

- Ideal for organizations that regularly organize exhibitions or presentations.
- Full customization and personalization available.
- A one-time investment that pays off in the long run.

Rent

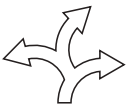

- Suitable for temporary events or one-time use.
- No storage or maintenance concerns.
- Quickly available with flexible rental periods.
- Our team is happy to help you make the right choice and provide expert advice on the best solution for your event.

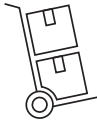

Save Time
Our systems are **quick and easy** to assemble without tools, saving valuable time during setup and takedown.

Customizable to Your Needs
The panels can be **fully customized** in terms of size, color, and finish.

Modular
Our systems are **modular**, allowing for flexible use and easy expansion.

Compact Transport
Thanks to their smart design, the panels can be **efficiently packed** and transported in robust flight cases.

Proven System
ABC Display has over 45 years of experience and provides panels used by **hundreds of organizations worldwide**.

No Tools Needed
The panels can be fully assembled **without tools**, ensuring quick and hassle-free setup.

SYSTEM APPLICATIONS

Our poster boards and exhibition panels are versatile and suitable for various events and sectors, including:

- ✓ **Scientific Congresses & Conferences**
For academic poster presentations and scientific research.
- ✓ **Trade Fairs & Exhibitions**
Create an organized space for product information or art exhibitions.
- ✓ **Corporate Presentations & Seminars**
Perfect for showcasing company information or strategic plans.
- ✓ **Museums & Galleries**
Suitable for temporary and changing exhibitions.
- ✓ **Open Days & Information Markets**
Ideal for schools, universities, and government agencies.
- ✓ **Project Visualizations & Architect Presentations**
For construction companies, architects, and interior designers.

Thanks to the modular nature, the panels can be fully customized and adapted to the available space.

EFFORTLESSLY
BUILD A STAND OR
PARTITION

Our systems are completely tool-free, allowing for fast and efficient setup. Additionally, they come in convenient flight cases, making transport and storage easy and secure. With ABC Display's exhibition panels, you can quickly create a professional and organized presentation space, ideal for poster presentations, photo exhibitions, or information boards.

FINISHES AND COLOR CHOICES

Our poster boards and exhibition panels can be finished with high-quality nylon fabric, available in different colors (see color chart). This not only provides a sleek, professional appearance but also makes the system highly practical to use. The highlighted colors in the brochure are the most commonly selected options and also form our standard rental range. This means these colors are immediately available for both rental and purchase.

• Rental colors: white, black, light grey, dark grey, medium blue, and dark blue.

STORAGE AND TRANSPORT

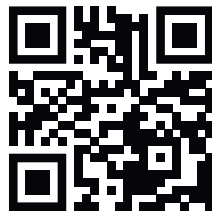

Our exhibition panels come in robust flight cases specifically designed for secure transport and efficient storage.

- **Compact transport:** The panels are cleverly packaged to take up minimal space.
- **Protection against damage:** The sturdy casing prevents scratches, dents, and breaks.
- **Easy handling:** The flight cases are equipped with wheels for easy movement.
- **Efficient storage:** When not in use, the panels and accessories take up minimal storage space.

This makes our systems ideal for companies and organizations looking for a logistics-friendly solution for their exhibition materials.
